Welcome to Wright Window Systems

Company History ->

"Our aim is simple, we strive to be the best in the business"

Wright Window Systems has developed unrivalled experience in supplying glazing systems in each of Aluminium, Timber, uPVC and Aluminium Clad Timber (Alu-Clad) and are uniquely positioned to service a wide variety of commercial and residential projects.

We operate from an 11,500 sq.m. state-of-the-art manufacturing facility in Milltownpass, Co. Westmeath. Our long history of producing windows and doors for the Irish market has enabled us to develop expertise across each of our product areas. A full installation service is provided and the level of expertise in completing technically demanding installations is second to none.

Wrights supplies the volume housing, commercial and one-off residential (new-build and replacement) markets with its products, 95% of which are sold on a supply-and-fit basis.

Welcome to Wright Window Systems

Aluminium

Timber

uPVC

Alu-Clad

Our Company has developed unrivalled experience in supplying glazing systems in each of Aluminium, Timber, uPVC and Aluminium Clad Timber (Alu-Clad). We can cater for one off domestic houses, to housing schemes, apartment blocks, retail and commercial developments.

In a large number of projects the architect has been able to combine our timber range with either or both our commercial aluminium and uPVC range for an optimum solution.

We are currently working on large commercial projects up to the value of €5million. A sample list of completed and current projects is available [here](#). (Adobe PDF format - 80KB)
